

Do You and Your Child Know the Potential Consequences of Electronic Communications?

BM&Y U RLY SHLD \$ > ATTN

Between me & you, you really should pay more attention

Plan to attend a Student Assistance Community Connections Seminar

Tuesday, October 20, 2009

7 PM – 9 PM

North Allegheny Intermediate High School

350 Cumberland Road • McCandless

... for NA parents and students in grades 4 - 10

Keynote Speaker - Detective Lynn Havelka,

an undercover, high-tech special projects investigator
for the Allegheny County District Attorney's Office

Join us for this thought-provoking evening that will
also include a panel discussion followed by Q & A.

Before spending valuable learning time on activities to reduce child victimization, it is important to understand the need for this information:

- Did you know that over 55 million children use the internet on a weekly basis?
- Did you know that 1 in 5 of those children were sexually solicited online?
- Did you know that 2.5 billion text messages are sent each day in the USA?
- Did you know that you can reach into cyberspace with computers, cell phones and video games?

A Drug and Alcohol Prevention Program sponsored by the North Allegheny School District Student Assistance Program

For more information, call the Student Assistance Office • 412-369-5466

Information presented in this forum is also intended for students, parents, teachers and other concerned persons who have contact with students.

Act 48 credit will be provided for all professionals in attendance.
