

## **H**OMEWORK POLICY 2C

Learning does not stop when the school bell rings. Homework is assigned for students to reinforce the skills we are working on in class. Homework is to be turned in *every morning at the beginning of class.*

Any class work not finished during the school day will be considered homework. Most papers coming home in your Homework Folder will have one of the following in the upper right hand corner:

HW - homework

CT - completed together

CWFAH - class work finish at home

NEP - need extra practice

Papers that are corrected only need to come back to school if there is a "Please sign and Return" stamp on them. In this case they require a parent's signature. It is a good idea to review any missed answers to help solidify difficult concepts.

Homework assignments are posted weekly under Weekly Homework. Check back daily as adjustments are made according to what is completed in class. If you child needs a little help click on Resources and select CA Extra Support or Math Reteach.
