

**North Allegheny School District
Request for Quotes – Installation of Interactive Touch Panels
Marshall Middle School**

This project is to be quoted as a co-operative procurement. The awarded bidder is to follow all regulations that pertain to this and school code.

The North Allegheny School District is requesting quotes for the wall mount installation of approximately 65 Newline interactive touch panels. The installation will take place at the following middle school location.

Marshall Middle School
5145 Wexford Run Road
Wexford PA 15090

Below are details of the project:

- The district has purchased [Newline Q Series Interactive Panels](#)
 - [75-inch Q Series panels](#)
 - [55-inch Q Series panels](#)
- A basic wall mount and common hardware is included with each of the boards.
- Installation should follow the recommended installation instructions provided by newline.
- The installation contractor is responsible for the secure mounting of each interactive panel in predetermined locations by the school district.
 - A General building map will be provided indicating what size panel goes into the designated room.
- Installation locations will have a mix of wall structures including but not limited to drywall, concrete block, or overtop of an existing white board/chalk board.
- The installation contractor is responsible for any additional mounting hardware or supports necessary for secure mounting. This may include brackets or mounts that circumvent the drilling through existing white/chalk boards.
- The installation contractor is responsible for communicating any safety concerns to the district on the mounting location of each interactive panel.
- The installation contractor is responsible for the careful uninstal of any existing short throw projectors or interactive displays that exist in locations of the new interactive panels. The removed equipment may be reused throughout the district. The district will be responsible for the relocation or disposal of the existing equipment
- The installation contractor must make arrangements with the district to install the interactive panels without interruption to the educational day. This may include working before/after the school hours or on non-instructional days.

The successful contractor who is selected for this job will be required to submit in advance of performing any work on this project the following clearances:

- Child Abuse History Clearance
- PA Criminal Record Check
- FBI Fingerprinting Clearance through the Department of Education

RFQ responses should be sent to jcox@northallegheny.org no later than Thursday, November 14th at 3:00pm.
