Daycare/Babysitting Transportation Procedure for 2022-2023

If your child is to be transported to and/or from school at a location other than your designated home area bus stop, please complete the “Application for Babysitting/Daycare Stop”. This form must be completed on the North Allegheny School District’s website or use the following link:

[2022-2023 Application for Daycare/Babysitting Stop](#)

Requests for North Allegheny School District bus transportation to/from locations other than the student’s home will be considered if:

- Alternate address is in the school attendance and session area to which the student is assigned.
- Childcare provider is on an established bus route. No new routes will be created.
- Childcare schedule is consistent. For example: parent works Wednesdays, Thursdays and Fridays. Student will be brought home on Mondays and Tuesdays and taken to the childcare provider or day care on Wednesdays, Thursdays and Fridays. This schedule must be consistent. Bus drivers will not be responsible for your child’s schedule.
- Students will be assigned to one primary home stop and only one alternate stop.
- Special Note: “Application for Daycare/Babysitting” forms must be submitted BEFORE July 1st of each year. Student bus stops revert to the home location at the end of each school year, therefore, requests for transportation to childcare providers must be made annually.
- Special Note: Kindergarten students will receive morning transportation in to school or afternoon transportation home from school. Parents are responsible for arranging transportation home from morning kindergarten and in to afternoon kindergarten.
- Requests for alternate stops must be submitted by July 1st for the stop to be in place for the first day of school. Late forms will not be processed until the 3rd week of September.
- Changes throughout the school year may take up to 5 business days.
- Transportation reserves the right to establish the route accordingly.
- Bus routes can change from year to year.

We appreciate your cooperation in this matter. If you have any questions, please contact us at transportation@northallegheny.org.

Thank you,

North Allegheny Transportation Team
