Drop-Off and Dismissal

The building does not open to students until 8:45.
K-2 drop-off in the side parking lot by Bellcrest.
Dismissal

Parents coming to pick a child up prior to 3:15 for an early dismissal, MUST report to the office before 3:15 p.m. and adhere to the office policy of signing students out and waiting for their child to meet them in the main office. Under no circumstances are parents/guardians permitted to go directly to the classrooms or bus lines.

Parents, who will be picking their children up regularly or semi-regularly, will be assigned a number and provided with a corresponding school sign for their vehicle students to their vehicles. Please be patient as a monitor may check ID in cases where the monitor is unfamiliar with the person picking a student up from school.

Parents will be directed to stay in their cars and follow a traffic pattern (below) to circle around the block, pulling through the lower lot to alleviate any jams on the main roadways and prevent parents with small children from having to take them out of their vehicles. Parents will not be permitted into the foyer at the end of the day. This procedure will replace the need for individuals to be inside the school building, creating a more controlled dismissal environment.

- Cars should drive down Bellcrest Road, turn right on Ridge Road and then right on Crossick Road. Please be mindful to NOT block driveways on Crossick located by red box with XXXX.
- Wait on the corner of the road marked in blue box A. A staff member will allow cars to enter and move to the blue box with B.
- A staff member will assist your child to get to your car.
- We are hopeful to get 10 cars into the parking lot and quickly load students. Please be prepared to buckle your child/step in and pull out. We will then allow another 10 cars to enter and load.
- If your child is late, we may ask you to pull into a spot allowing other cars to move through the line.
- Walkers will be reunited with parents by the tree located by the blue box marked with an A.

School Counseling

Elementary Student Assistance Program

Mrs. Sweeney oversees the program. Trained faculty members, school counselor, administrator, and the school nurse work with parents to develop goals to support a student's behavioral needs.

The purpose is to identify, refer, and support students who experience barriers to learning. Working alongside parents we create a plan of action and implement strategies to help the student meet with success.
