CATERING SERVICES DESCRIPTION AND POLICIES

Arrangements for a catered event must be made at least two weeks prior to the event to guarantee availability of staff and menu selections. Please call Jill O'Hanlon, Catering Director, at extension 35052 to plan. You may email Jill at johanlon@northalleggheny.org

All room arrangements are made by the client with the district's Facilities Department. Dining Services do not make any arrangements; however, we can assist you with room arrangement layouts.

The Catering Director will process an invoice for your records. Please make sure you review the invoice for any errors. Budget codes should be submitted to Dining Services as soon as the invoice is processed. The code will not be submitted to Finance until after the event has taken place. Checks can be made payable to NA Cafeteria Fund. Dining Services will accept cash as well.

The prices per meal stated are for Monday through Friday service during regular school days. Catering requested on weekends, during in-service days holiday breaks will require additional charges
