

Section: Narratives - Needs Assessment

Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the Return on Investment of Summer school Programs in Pennsylvania study determined that for every dollar invested in summer school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three-part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Section 1 - Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in a summer school program. Include a brief description of the indicators used in the decision-making process.

Elementary – All students in elementary grades are invited to participate in Summer Academy. Summer Academy addresses SEL, Academics, Enrichment, and Remediation. Middle – Student data will be reviewed and students identified to come to remedial summer school in

the area of English, Math, and SEL. High School – Credit recovery opportunities will be made available to students who are failing content courses.

Section: Narratives - Summer School Program Questions

Summer School Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide summer school programming for their students.

2. Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

| Student Group | Area of Focus | Number of Students Served | Provide specific strategies that were used or will be used to identify and measure impacts |
|----------------------------|-----------------|---------------------------|--|
| Children with Disabilities | Academic Growth | 550 | Progress reports from Teachers |

3. Describe the evidence-based resources that will be used to support student growth during the summer school program.

Students will be given benchmark assessment followed by formative and summative assessment over the period of the program to monitor growth and development academically and socially.

4. Describe the staff that will provide the summer school program (i.e., internal staff or outside resources).

| Number of Staff Members | Internal/Outside Provider | Role |
|-------------------------|---------------------------|-------------------|
| 75 | Internal Provider | Teachers |
| 25 | Internal Provider | Paraprofessionals |
| 2 | Internal Provider | Social Work |

a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

b. The LEA assures it understands it is responsible to ensure that all summer school program staff hold the appropriate certifications for the program that is being delivered.

5. How will the LEA assess the success of the summer school program? Please identify the tool, frequency of use, and expected results.

| Tool Used to Evaluate Success | Frequency of Use | Expected Results |
|------------------------------------|------------------|---|
| AIMS Web, Study Island, Exact Path | 2 | Results would be measured academic growth scores utilizing these tools. |

6. How will the LEA engage families in the summer school program?

Families will be engaged in summer programming through communication between home and school, summer school work to be completed, and sharing of progress monitoring data.

Section: Budget - Instruction Expenditures

Instruction Expenditures

Budget

\$14,398.00

Allocation

\$14,398.00

Budget Over(Under) Allocation

\$0.00

Budget Summary

| Function | Object | Amount | Description |
|--|----------------|--------------------|--|
| 1200 - SPECIAL PROGRAMS – ELEMENTARY / SECONDARY | 100 - Salaries | \$14,398.00 | Summer program offered by the District which will include teachers and paraprofessionals |
| | | \$14,398.00 | |

Section: Budget - Support and Non-Instructional Expenditures

Support and Non-Instructional Expenditures

Budget

\$14,398.00

Allocation

\$14,398.00

Budget Over(Under) Allocation

\$0.00

Budget Summary

| Function | Object | Amount | Description |
|----------|--------|---------------|-------------|
| | | \$ | |
| | | \$0.00 | |
