

Highmark Foundation and the Center for Safe Schools recognized Hosack Elementary for demonstrating quality implementation of evidenced-based bullying prevention strategies. Mrs. Amanda Mathieson, Interim Principal, and Mrs. Valerie Chandler, First Grade Teacher, accepted a check for \$1,250.00 on behalf of Hosack Elementary at the Safe Schools Conference earlier this month. This monetary prize will contribute towards programs and resources to continue with Hosack Elementary's focus on providing a safe and caring learning environment for all students.
