

NORTH ALLEGHENY SCHOOL DISTRICT

Facilities Overview

revised 4-07

North Allegheny School District is an attractive community (pop. 45,000+) located twelve miles north of Pittsburgh. North Allegheny serves the municipalities of Bradford Woods Borough, Franklin Park Borough, Marshall Township and the Town of McCandless and encompasses a total of 48 square miles.

Much of the District is suburban-residential. New housing developments and transferees moving into the area help maintain a steady enrollment. A solid and growing tax base helps maintain economic stability. North Allegheny is the largest suburban school district in Allegheny County. The District is also one of the largest employers in the North Hills of Pittsburgh, employing over 1,000 people.

- 2002 - The Baierl Center was named in honor of Bill Baierl, President of the Baierl Family of Dealerships, who donated \$358,000 to the project. The Baierl Center is one of the premier educational and recreational facilities among school districts in the nation. The 48,000 square foot, \$5 million Center is located on the campus of the NA Senior High and is dedicated to the educational, athletic, developmental, and community needs of the children and citizens in the North Allegheny area.
There are two unique aspects to the creation of the Center. First, it is a true citizen-initiated effort designed to fill a recognized, but unmet, need in the community. Second, the vast majority of the money and skills necessary to build the Center came from individual and company donations. It is the hope of the citizens who made this Center possible that it will help in the development of our children into well-rounded and productive citizens and in providing an enhanced quality of life for North Allegheny families.
